Veterans update!!

09 October 2017

Dear Veteran:

President Donald Trump signed legislation Wednesday Aug. 7, 2017 that extended the Veterans Choice Program. The VA Choice Program renews Oct 1st, 2017 and goes through Sept. 30, 2018. As your VA Preferred Choice Program Chiropractor, I am reminding you that in order to continue care under this program, you must initiate your NEW authorization by calling 1-866-606-8198 A.S.A.P!

****NEW**** In addition to the Choice Program, it is with great pleasure to inform you that we are now enrolled in the Non VA Veterans Care Program in conjunction with the Saginaw VA, as of Sept 1st, 2017! Enrollment and requesting authorization for Chiropractic Care at our office with this program is initiated by calling your local VA Primary Care Office in Alpena at 989-354-9671.

With the addition of this program we are now accepting patients through both the Veterans Choice Program and the Non VA Veterans Care program! Please call us, for more information regarding both programs we offer, so that we can help facilitate your care and good health.

Sincerely,

Dr. David Olree
